Floor Finish & Sealers

VERT2GO ARMOR - Long-Lasting Finish

Vert-2-Go Armor is designed to stand up to heavy traffic, minimize scuffs and black heel marks. Responds well to infrequent maintenance programs varying from buffing to UHS programs (300-2000 rpm). Vert-2-Go Armor will provide a protective glossy coating while maintaining low VOC levels. Vert-2-Go Armor is suitable for most floor types such as vinyl, vinyl composite (VCT), linoleum, sealed terrazzo and concrete floors.

VERT2GO SHIELD - High Performance Sealer/Finish

VERT-2-GO Shield will quickly build an added layer of protection to your flooring that helps minimize dirt entrapment and traffic wear. It prevents unwanted, stubborn stains from adhering to your floors. VERT-2-GO Shield provides high initial shine and superior spreading for ease of application. It can still be stripped by high performance water-based strippers.VERT-2-GO Shield is compatible with all of your favorite Wood Wyant floor finishes to exceed your maintenance requirements. Low VOC levels provide a decreased odour.

Floor & Spray Cleaners

VERT-2-GO AUTOSCRUBBER+ - Floor Restorer

Vert-2-Go Autoscrubber + is a low foaming, polymer based maintainer for water resistant hard floors. Cleans and maintains in one operation. Leaves a thin, slip-resistant, buffable protective film. This protective film does not result in build-up which can spoil the appearance of the floor since old film and dirt are re-dissolved every time. It is suitable for public buildings, supermarkets, schools or any areas which must be cleaned as well as maintained.

VERT2GO STORM RINSE - Cleaner for Ice Melter Residue

Ice melters do a great job keeping outdoor areas safe for walking but they can be a seriousproblem for indoor maintenance. VERT2GO STORM RINSE can help eliminate the ice melter residue problem that dulls/damages floor finishes and encrusts carpeting. When used as directed VERT2GO STORM RINSE can dissolve the tough dried on build-up of rock salt and calcium chlorides that most neutral cleaners leave behind. VERT2GO STORM RINSE is mildly scented and compatible with all floor finishes and is safe for use on carpets to help remove "salt stains".

Degreasers

VERT2GO BIO Industrial Degreaser

VERT-2-GO BIO INDUSTRIAL DEGREASER is a mild yet powerful surfactant system with microorganisms that can consume waste oils and grease. Designed to remove tough petroleum based soils from concrete, terrazzo, quarry tile and most other hard surfaces. Reduces slip. Ideal for factory and garage floors, parking lots, automotive plants, mechanical and industrial equipment, and receiving and loading areas. Vert-2-Go Bio Industrial Degreaser is preferable to traditional caustic and solvent cleaners since it does not have a strong odour and is not corrosive. Will not damage sensitive surfaces such as glass and aluminum. Certified to meet requirements of CCD #110.

Product Number	Format	Description

BIOSAK® Compostable Garbage Bags

BIOSAK® Compostable Brown Bags are completely extruded, formed and packaged in Canada. They are made with Mater-Bi® bio-plastic which contain vegetable raw materials, such as non-genetically modified corn starch, that have been modified with biodegradable polyesters. The BIOSAK bags are certified compostable and as such, they are food for the micro-organisms in the compost pile. They start to biodegrade when in contact with the micro-organisms, bacteria or enzymes that cause organics to rot; they will not biodegrade on their own.

BIOMOP Biodegradable Dust Mop

BIOMOP Biodegradable Dust Mop - Reduces the occurrence of cross contamination and the associated cost of treating hospital-cause infections when a BIOMOP Dust Control System is implemented. The BIOMOP Hygienic sheets pick up and holds the dust and bacteria that other systems fail to deal with. *After use, the BIOMOP can be discarded in a biodegradable plastic bag for disposal in municipal, compostable waste facilities. The heat and moisture generated in the waste facility allows the BioMop sheet to decompose in approximately 6 weeks.

HYGEN High-Performance Damp Mops

Premium split nylon/polyester blend microfiber provides optimal damp mopping performance. Dense 3 - 5 micrometer quality fiber removes more dust, dirt and microbes than conventional cleaning products. Advanced hook-and-loop backing... holds-up under harsh laundering conditions and attaches pads more securely. Double finished edges retain mop shape with use over time. Color coded products help reduce cross contamination by differentiating area of use. Patent Pending Zig-Zag design packs 17% more split microfiber into each mop. Durable mop construction - third party tested tough. Withstands more than 500 launderings, 200 with bleach. Proven to clean floors 45% better than string mops, 25% better than conventional microfiber

CHARIOT iScrub 26" - Cylindrical stand-on automatic scrubber

This Chariot iScrub is a 26" cylindrical stand-on automatic floor scrubber. Its clear simple control panel significantly reduces training time and provides more consistent results. Its cleaning function control switch easily allows the operator to select the appropriate transport or cleaning mode. Ability to clean in tight, congested spaces. Full circle visibility for operator safety. Easy to transport around the building and cleaning anywhere. Fits easily into any elevator. Increases productivity by up to 50%. Reduces operator fatigue. EcoMode increases productive cleaning time by offering a quieter, less intrusive "Day Cleaning" mode. EcoMode also adds productivity by lengthening run times between recharging and refilling. This cylindrical desk model provides adjustable speeds for different cleaning applications. This machine comes with three 12V/214 AH AGM batteries, a 21A dual mode automatic charger, a mechanically raised squeegee and scrubbing function dial, 2 nylon brushes and debris hopper.
